Your horse will know the difference – do you?

VS

You might think dried chaff is a good fibre option for your horse, yet our research shows there is a big difference.

Fiber Fresh feeds are superior to dried chaff in every way. Research shows that our fresh, moist fibre feeds are more easily digested than dried chaff, provide increased hydration, are nutritionally better, and are scientifically proven to maintain gastric health. The quality protein levels help support muscle growth and recovery while the slow-release energy characteristics of our feeds ensures your horse can perform at optimum levels for longer. Don't waste your money feeding inferior forages such as dried chaff. Invest in your horse's health and maximise the results with Fiber Fresh.

For optimal results ensure you feed a ratio of at least 2:1 of Fiber Fresh to grain.

Fiber Fresh products are available from all good equine and rural stores nationwide. For more information about our scientific research findings visit www.fiber-fresh.com

Feed fibre first...feed Fiber Fresh

Metacam® oral suspension for horses.

Scientifically proven to protect cartilage.

Metacam® Oral Suspension works in two ways to help protect valuable joints by reducing the action of cartilage-damaging chemicals while maintaining cartilage-protective agents¹.

Treatment provides rapid reduction in lameness along with rapid and effective pain relief¹.

Metacam® Oral Suspension helps get horses back on track and back into competition.

Take the reins ...

DISCOVER ... what you can do with Main-Events.com

1. **One Person Responsible** can do multiple horses and riders in the ONE online entry. Keeps it simple for rider and secretary.
2. **It's FREE** for riders to enter online – what you see is what you get.
3. **Live scoring ringside*** gives instant feedback on times and faults as rider leaves the ring. It is easy to *live score* too if you want to volunteer!
4. **Responsive design** means pages on Main-Events.com adapt to your screen size – smartphone, tablet, laptop or desktop.
5. **View all entries in a class** with links to view horse or rider info including photo, pedigree and profile etc
6. In the class lists, you can **sort on any column of information** by clicking on the blue heading – eg horse name, fastest times, clear rounds, how many have gone. Keep track on your smart phone and never miss a class again!
7. **Competitor search** area makes it easy to see if your entries are all correct and accounted for. Find friends and see what they are up to?
8. Get **email notification** when schedules are posted and entries are due to close for your favourite shows – *Add to favourites* from show details page.
9. **Upload photos** for the show from your smartphone to Main-Events.com
10. Review any of your online entries from your **MY MAIN-EVENTS > Online Entry** tab. Click on small blue magnifying glass on left to view entries.

Proud sponsor of the Main-Events University Series

(Class 6 – Open Horse 1.20m in Ring 2 on Saturday 8:30 am)

Email anne@main-events.co.nz if you have a show to run.

* Live scoring is dependent on the show organisers having volunteers on hand to do scoring.

EQUEST[®] Plus Tape

Lasts longer than
any other wormer
available in NZ

EQUEST Plus Tape prevents significant
reoccurrence of parasite eggs in the faeces
of treated horses for up to 16 weeks.

EQUEST Plus Tape treats and controls significant
parasites including tapeworms, roundworms, bots
and encysted small strongyles

Encysted Small Strongyles (Cyathostomes) can cause a great deal of harm
to your horse. They can remain hidden in the intestinal wall for many years
and when they emerge en masse your horse may develop colic, scours or
even die. Non-moxidectin wormers do not treat encysted strongyles

EQUEST Plus Tape not only kills the dangerous worms
inside your horse, but the low volume gel formulation
ensures your horse won't spit it out!
