How it works

- Set within the event zone, the Waipa Home of Champions Derby course and immediate surrounds, riders and horses will negotiate a showjumping round before heading straight out on to the 2,000m (approx..) XC course. The Showjumping will be a maximum height 2* with a joker to gain extra points, the cross-country will be a maximum 2* with a few 3* options to gain bonus points.
- The competition will be run similar to an accumulator (see scoring below). The winner and place getters will be those with the most points i.e. they have jumped the most (and most difficult) fences clear. In the event of a tie closest to the optimum time will win.
- A fall of either rider or horse at any time in the competition will result in elimination

SHOWJUMPING:

- Each fence cleared is worth 10 points
- There will be 11 single fences (no combinations).
- There will be an optional joker at the 11th fence, you can take the smaller fence for 10 points or go for the joker and get 30 bonus points however, if you take the joker and have a stop or a rail you will lose 10 points!
- If you take a rail or have a stop at a fence you get no points.
- 3 stops in total = elimination
- 1 second over the optimum time = 1 penalty

CROSS-COUNTRY:

- Each fence cleared is worth 10 points, if you have a refusal there will be no points
- There will be a maximum of 6 2* bonus options on the course. Should you jump these clear you will get 30 points, should you have a stop you will lose 10
- 3 stops on the course will result in elimination.
- 1 second over the optimum time = 1 penalty, in the event of a tie closest to the optimum time will win
