- The competition will proceed this way throughout the rest of the field.

SCORING:

Dressage – Normal Dressage scoring will apply with total penalties carried forward.

Cross Country – Will be run under optimum time conditions with standard Cross-Country rules applying. If over the optimum time, penalties will apply. The finish flags for the Cross Country will also be the start flags for the show jumping.

Show Jumping – Normal show jumping rules with optimum time. Over the optimum time, penalties will apply.

Joker Fence – This is an optional fence. Once clearing the finishing flags of the Showjumping course, the rider will have 15 secs to indicate to the Judge that the combination will attempt the joker fence. If the combination clears the joker fence, 10 points will be deducted from their final score. If the combination attempts the joker fence and does not clear it, 10 points will be added to their final score. Should the rider decide not to attempt the joker fence, there will be no change to their final score.
