Background:

The organizing committee have developed the **ACCUMULATOR PROGRAM** to encourage people to participate in more shows across the Mid-Northern District.

With each participating show contributing \$250.00, the **ACCUMULATOR PROGRAM** will realise the prize money required.

The cash amounts listed in this document are approximate at this time.

Mid-Northern District believes that associations will have their investment repaid by increased entries and participation at their respective shows.

The development of the **ACCUMULATOR PROGRAM** is a genuine attempt to attract increased levels of equestrian activity, and at the same time offer a competition with increased rewards.

This competition, or the like, may also be applied to dairy cattle, beef cattle, dog trials, and other events in the future.

If associations feel they have a major sponsor who would gladly put their name to this program, please let us know.

The organisers are only too happy to encourage sponsorship which may be discussed with the undersigned in the first instant.

Kind regards and best wishes.
