Chiropractic therapy and muscle manipulation

Is your horse trying to tell you something?

My aim is to help horses to perform at their best.

"Using a hands-on approach, I will work from the poll to the tail to re-align your horse, applying effective, tried and tested techniques. My success is measured by the results achieved."

Chiropractic therapy and muscle manipulation

Is your horse trying to tell you something?

My aim is to help horses to perform at their best.

"Using a hands-on approach, I will work from the poll to the tail to re-align your horse, applying effective, tried and tested techniques. My success is measured by the results achieved."
