The top 6 after the qualifying round will be bought back for the final round, where they will compete and be judged in the same manner as the qualifying round. The riders in the final round will ride in reverse order of scores from the results of the qualifying round. Should the result be an equal score for first place for the final, the competitors will jump off for first place only.

Guidelines for how the Style class will be judged

These classes have been based on the German system.

The horse/pony has to be well ridden with a good rhythmical canter from start to finish. The horse/pony should be nicely ridden on the outside rein and react correctly to the rider's aids. The horse/pony should show good rideability with well-established flying changes. The horse/pony should jump confidently with a good bascule and technique. The jump should be quick in front and open up behind and the horse shouldn't get too quick to the fence.

The rider should be in good control of the horse/pony and have a good distance to the fence.

The combinations will be scored out of ten. 0.5 penalties will be taken off for a rail, 0.5 penalties off for a stop and 0.1 off for every second over the time allowed.
