The Competition takes place over two rounds for each level i.e. the Junior team will compete over two rounds in the Junior Competition and the Senior team will compete over two rounds in the Senior Competition.

Adding the Penalties for Faults at the obstacles gives the Score obtained by each Athlete for each round.

Only Athletes with a Score of twelve Penalties or less in the first round shall continue to the second round.

The first round shall not be against the clock. The second round shall be against the clock.

There will not be a jump-off.

Team Scores and Placings shall be decided as follows:

- The total Penalties of the best three Athletes per Team in the first round are added to the total Penalties of the best three Athletes per Team in the second round to calculate the Team Score. The Placings are determined in the order of decreasing Team Scores i.e. the Team with the lowest score is the winner.
- Teams with equality of Team Scores will be placed according to the fastest combined time of their best three Athletes in the second round. If the combined times are equal, the placing shall remain equal.
- If a Team does not have three Athletes that qualify for the second round, they shall be placed in accordance with the total Penalties of the best three Athlete per Team in the first round.

Riders will ride in Club Pony Club Uniform.

NZPCA General Regulations apply.

Each Club will need a named manager who will be responsible for checking rally requirements and gear safety checks.
